SUPPORT PROGRAM (ETISP)

REQUEST FOR EXPRESSIONS FOR INDIVIDUAL CONSULTANTS
ENGINEERING SUPERVISION SERVICES FOR SANTO AMARO SOUTH (1,5mwp) PV SOLAR
PLANT

Sector: Energy

Reference: 2100155040664

Project ID No.: P-ST-FAB-002

The Government of Sao Tomé and Príncipe (GoSTP) has received financing by the African Development Bank, towards the cost of the Energy Transition and Institutional Support Program (ETISP) and intends to apply part of the agreed amount for this grant to payments under the contract for “**Individual Consult for Engineering Supervision for Santo Amaro South (1,5mwp) PV Solar Plant**”.

The services included under this contract are to provide the necessary technical assistance for i) the approval process of the EPC designs, ii) the preparation of a supervision plan, guiding the action of the local inspection team during the construction phase and directly executing the tasks within the scope of its expertise, iii) supervision of the interconnection to the grid, iv) the direct supervision of the commissioning phase and operational tests of the solar PV plant. The program is implemented by GoSTP through its Ministry of Infrastructure and Natural Resources (MIRN).

The Ministry of Infrastructure, and Natural Resources (MIRN), now invites eligible individual consultants to indicate their interest in providing these services. Interested consultants must provide information indicating that they are qualified to perform the services

The qualification requirements and evaluation criteria are as follows:

#	Qualifications, Skills and professional experience	Points
1	Bachelor's degree in Electro Technical Engineering or equivalent with at least 10 years of experience	30
2	Experience in the design, installation and supervision of minimum two (2) photovoltaic plants in the least 10 years	25
3	Experience in design or supervision of at least two (2) SCADA systems	20
4	Experience in the assembly, including its commissioning, of photovoltaic plants above 500 kWp of at least three photovoltaic plants connected to interconnected transmission networks with powers above 500 kWp	15
5	Work experience in regional countries	5
6	Fluency in English or French language and working knowledge of Portuguese language	5
Total		100

Handwritten signature

Eligibility criteria, establishment of the short-list and the selection procedure shall be in accordance with the African Development Bank's Procurement Framework (October 2015), which is available on the Bank's website at <http://www.afdb.org>.

Interested consultants may obtain the Terms of Reference and more information at the address below during working hours: 9h00 am to 15h00, Sao Tomé and Principe time.

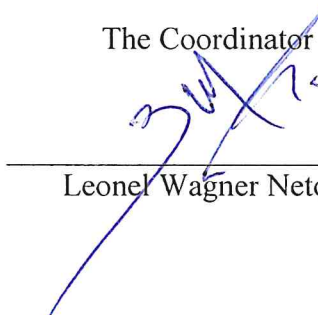

Expressions of interest must be delivered or sent by e-mail to the address below until the **17th July 2022, 12 p.m. GMT** and mention **"Individual Engineering Supervision Services – Santo Amaro South PV Solar Plant"**.
